

"Lounge to Boardroom" a perfect gift to inspire woman to succeed, against all odds!

Tish'n Enigma Books today announced that its much anticipated photographic biography, Lounge to Boardroom (L2B), is in Australian bookshops and available for online orders.

Lounge to Boardroom takes an intimate look at 55 inspirational success stories from South Australian women. Published by Ashley Knoote-Parke, it's a remarkable book with high quality photography by Benjamin Liew and writing by journalist Andrew Tobin.

All the women featured are available for interview about their extremely varied and fascinating paths to success. Some have climbed the corporate ladder at speed, others fought racism and domestic violence to reach the top.

"What makes them the more remarkable is that their stories have never been told before," says Ms Knoote-Parke.

"Plans are under way for Victorian, NSW, QLD, WA versions of Lounge to Boardroom, and we welcome nominations from women who have achieved success in any field.
